

## Covid19 Update:

Hello to all of our clients and friends!

We have some news to share. As of May 1, 2021 our small boarding facility will be open to take care of your fur kids while you are out of town. We will not be allowing any toys, food bowls or blankets or towels from your homes, but please do bring in whatever foods your dog or cat eats normally so we can make sure there is no change in diet. We have plenty of comfy blankets and beds here for them to sleep on.

A reminder to all that we are still doing business curbside, so make sure that you wear a mask when interacting with our team members and bring your cell phones so we can communicate with you on arrival and during the appointment.

With the virus still actively present and not everyone vaccinated we will be doing curbside appointments for the foreseeable future. Don't hesitate to text us or call us to ask any questions surrounding our concierge curbside service.

Thank you again for your understanding and please remember to be patient with us as we try our hardest to be able to see everyone we can.

Sincerely,

Cheryl Good, DVM  
Medical Director, DFPC
